## TELL THE WORLD!

### **Quickly Share Your Child's Fundraising Page**

Share on Facebook or Twitter or send an email to family and friends from your Child's Fundraising Page!

### **Reach your goal early? Why not raise it!**

If your Child quickly reaches the initial goal, consider upping the goal on his/her page. That way new visitors will still be encouraged to donate, and we will have the best shot at achieving our group goal.

### **If your group plans to send marketing emails...**

Add lots of email addresses to your Child's page. Only you will see them, so enter the email addresses of anyone who might be interested in supporting your Child. Emails will be sent automatically, one at a time, and will include a link to your Child's page with his/her picture.

## IF YOU ARE CURIOUS...

**You can choose to receive an email when donations are made** on your Child's page. You can also go to your Child's page for updates.

### **Your Child's fundraising webpage is private and secure!**

His/her fundraising page can only be accessed by the people to whom you send direct links.

**All donors receive a receipt**, along with an email thanking them for their donation and itemizing the donation on their receipt.
